

Expression of Interest

Establishing Infra (Non Civil) and Information Technology set-up for proposed IT/ITESBPO Center at Bhilai

Bhilai Municipal Corporation
G. E. Road, Supela, Bhilai, Durg (C.G.)

Website : <http://www.bhilainagarnigam.com>

Expression of Interest (EOI)

The office of the Bhilai Municipal Corporation is inviting Expression of Interest (EOI) for Establishing Infra (Non Civil) and Information Technology set-up for proposed IT/ITESBPO Center at Bhilai. Interested agencies may visit the website For further information. Response to this Expression of Interest (EOI) shall be deemed to have been done after careful study and examination of this document with full understanding of its implications. This section provides general information about the issuer, important dates and the overall eligibility criteria for the parties.

Key Information

Sl. No.	Particular	Details
1.	Name of the Client	BMC
2.	Method of Selection	Combined Quality and Cost Based Selection (CQCBS)
3.	Availability of EOI Document	27-06-2023
4.	Date of Issue of EOI	27-06-2023
8.	Last Date and Time for submission of Bid	11-07-2023, 05:30 pm

9.	Date of opening of Technical Proposal	13-07-2023, 04:00 pm
10.	Date of Technical Presentation	12-07-2023, 4:00 pm
11.	Date of opening of Financial Proposal	To be informed based on Technical Evaluation
12.	Expected Date of Commencement of Assignment	To be intimated later
13.	Bid Processing Fee (Non-Refundable)	5,000/- INR in shape of Banker's Cheque / Demand Draft in favour of Commissioner, Municipal Corporation, bhilai drawn in any Scheduled Commercial Bank payable at Bhilai
14.	Earnest Money Deposit (EMD) (Refundable)	1,50,000/ - INR in shape of FDR, Executive Engineer Municipal Corporation, bhilai drawn in any Scheduled Commercial Bank payable at Durg
15.	Address for Submission of Proposal	Address: Project cell, Municipal corporation, bhilai Email: pariyojnadept41@gmail.com

Bid Processing Fee and Earnest Money Deposit:

The bidder must furnish, as part of technical proposal, the required bid processing fee amounting to **Rs. 5,000/- (Rupees Five Thousand Only)** in shape of Demand Draft/Bank Cheque from any Scheduled Commercial Bank in favour of “**Commissioner, Municipal Corporation, bhilai**” payable at Bhilai. Proposals received without bid processing fee will be rejected.

AND

The bidder must furnish, as part of the technical proposal, an Earnest Money Deposit (EMD) amounting to **Rs. 1,50,000/- (Rupees One Lakh fifty thousand Only)** in shape of Demand Draft/Bank Cheque from any Scheduled Commercial Bank in favour of “**Commissioner, Municipal Corporation, bhilai**” payable Bhilai. The EMD of unsuccessful bidders shall be refunded within 45 days from the date of award of Contract.

The EMD of the successful bidder will be released after signing of the Contract or within 45 days from the date of rejection by the bidder to get into a contract.

**Commissioner
Bhilai Municipal Corporation**

Establishing Infra (Non Civil) and Information Technology set-up for proposed IT/ITESBPO Center at Bhilai

Bhilai Municipal Corporation (BMC) invites sealed EOIs from entrepreneurs and other organizations to start IT/ITES BPO (Voice/Non-voice) Business in Bhilai for Establishing Infra (Non Civil) and Information Technology set-up for proposed IT/ITESBPO Center at Bhilai

EOI shall be available from the office of Bhilai Municipal Corporation, Bhilai Chhattisgarh.

Interested organizations are requested to submit the complete application with detailed business plan by, referring to the publication in newspaper/official website. Submission can be made by only post (Registered/Speed) Bhilai Municipal Corporation, Bhilai. This EOI will remain valid till and application submitted after will be considered as per the merits of the submission by the committee specially formulated for this purpose by the Society.

All applications received by due date will be opened on in front of bidders or their representatives if they wish to be present based on the eligibility criteria as mentioned in EOI at hours.

For any further clarifications please contact Nodal Officer Bhilai Municipal Corporation, Bhilai at _____, Bhilai during official working hours (10:30 AM to 5:30 PM) only.

INTRODUCTION

- 1 Bhilai Municipal Corporation invites Expression of Interest from reputed OEMs/their authorized System Integrators to submit their techno-commercial proposal as well as capability and experience for:
 - a) Setup of a secured, centrally managed Infra equipped with advance BPO set up
 - b) Set up a complete IT / ITES BPO for 400 call center seats

2 SCOPE OF WORK

2.1 Brief Scope of Work

Bhilai Municipal Corporation, plans to establish a Proper set up of BPO infra and Data center along with all BPO IT / ITES advance technology and Telephony model. Centralized air-conditioned advance Infra for 400 work station Along with two training rooms, Cabins for support staff, Interview room, Conference room, furniture for 400 work station, Washroom facility. system based LAN through completely Managed Switching solution. The infra will be fully equipped with 24*7 Power back up (DG) and un-interrupted electricity supply and The service includes complete survey of the proposed building plus supply and installation of managed switches along with structured cabling solution. Impart onsite Training to the system administrators and onsite maintenance of the solution for 3 (three) years shall be mandatory.

1. Submission of Proposal:

Bidder must submit their proposals by **Registered Post / Speed Post** only to the specified address on or before the last date and time for submission of proposals as mentioned in Bidder Data Sheet. The Client will not be responsible for postal delay / any consequence in receiving of the proposal. The proposal must have to be submitted in two parts. Each part should be separately bound with no loose sheets. Each page of the two parts should be signed by the representative of the bidder, page numbered and in conformation to the eligibility qualifications and clearly indicated using an index page. The Client will not consider any proposal that arrives after the deadline as prescribed in the Bidder Data Sheet. Any Proposal received after the deadline will be out rightly rejected.

The procedure for submission of the proposal is described below:

The Technical Proposal (Part A) and Financial Proposal (Part B) must be inserted in separate sealed envelopes, along with bidder's name and address in the left-hand corner of the envelope and super scribed in the following manner.

Format for Financial Proposal

The list of items indicated hereunder is indicative. The Participant shall consider the components and quantity to fulfil the EOI and project requirements in totality

Sl No	Line Item	Specifications	Quantity Proposed	Unit Base Price (In Indian Rupees)	GST (In Indian Rupees) (Per Unit)	Total Price including GST (In Indian Rupees)
			A	B	C	D=A*(B+C)
1	Desktops Systems	Processor 12th Generation Intel® Core™ i3-12100 Processor (P-cores up to 4.30 GHz) ; Operating System Windows 10Professional 64 (English); Memory 8 GB UDIMM DDR4 3200MHz Hard Drive 512 GB, Graphics Integrated Intel® UHD Graphics 730, Rear Ports: 2xUSB 2.0, 2xUSB 3.2 Gen 1, 1xVGA, Ethernet (RJ-45); Headphone / microphone combo jack (3.5mm), 1xmicrophone (3.5mm), TFT 18" inch with keyboard and mouse.	400			
2	Headphones	Form Factor On Ear Connectivity Technology Wired Dependable - Stainless steel headband with yoke style high quality cable for long and durable use Comfortable - Articulate and adjustable mic boom design to suit individual user preference Comes with a Type A USB connectivity	387			

3	Firewall	<p>Hardware Architecture: Minimum 32GB of memory/eMMC Must have 256 GB SSD storage At least 16 x 10/100/1000Base-T RJ-45 ports, 1x 1GbE copper/fiber WAN port and 1x 1GbE copper/fiber DMZ port, 2x 2.5GbE ports, 1x 10GbE copper/fiber DMZ port.</p> <p>Performance Requirement: Minimum 7 Gbps of TCP Firewall throughput and 17 Gbps of UDP firewall throughput at 1518 Byte UDP Packets, minimum 5 Gbps IPS real world throughput, minimum 2 Gbps of Threat Prevention throughput and 5 Gbps of NGFW throughput, minimum 2.4 Million concurrent connections and 66000 connection per second,</p> <p>General Requirement: Security controls such as Firewall, VPN, User Awareness, QoS, Application Control, URL Filtering, IPS, Anti-Bot, Antivirus and Anti-Spam. Must support IPv6 i.e. local network and internet connections, dual stack tunneling IPv4 over IPv6 networks and prefix delegation, should support IPsec, SSL VPN functionality & Dual Stack with IPv4 and IPv6 functionality. Should support the dynamic routing protocols with readiness for OSPFv2, BGPv4 and 4+, RIP, PIM (SM, DM, SSM), IGMP, must allow policy rule creation for application control, user-based control, host profile, Anti-virus, file filtering, content filtering, QoS and scheduling using single dashboard. Application control database must contain more than 8000 known applications. Must allow free custom application signatures for Homegrown and custom applications. Must not have application specific chips like ASICs that doesn't allow future firmware and feature expansions on the same hardware. And not use proprietary ASIC chips. Must support different actions in the policy such as deny, drop, Allow, accept, should be able to send logs to external syslog servers. NG-Firewall should support Identity based controls for Granular user, group and zone-based visibility and policy enforcement, NG- Firewall should support the Identity based logging, application detection and usage controls, Should enable securities policies to identify, allow, block or limit application regardless of port, protocol etc.</p>	2			
---	----------	--	---	--	--	--

	<p>IPS FeaturesIPS must be based on the following detection mechanisms: exploit signatures, protocol anomalies, application controls and behavior-based detection. The administrator must be able to configure the inspection to protect internal hosts only. IPS must provide at least two pre-defined profiles/policies that can be used immediately. The administrator must be able to automatically activate new protections, based on configurable parameters (performance impact, threat severity, confidence level, client protections, server protections).IPS must be able to detect and prevent the following threats: Protocol misuse, malware communications, tunneling attempts and generic attack types without predefined signatures. IPS must be able to detect and block network and application layer attacks, protecting at least the following services: email services, DNS, FTP, Windows services (Microsoft Networking), IPS must have a mechanism to convert SNORT signatures. IPS must have at least 12000 signatures.</p> <p>Anti Bot & Anti-Malware features Vendor must have an integrated Anti-Bot and Anti-Virus application on the next generation firewall, Anti-bot application must be able to detect and stop suspicious abnormal network behavior, Anti-Bot application must use a multi-tiered detection engine, which includes the reputation of IPs, URLs and DNS addresses and detect patterns of bot communications, Anti-Bot protections should be able to scan for bot actions, Look for C&C traffic patterns, not just at their DNS destination, Anti-virus application must be able to prevent access to malicious websites, Anti-Bot and Anti-Virus must be have real time updates from a cloud based reputation services, Anti-Virus must be able to stop incoming malicious files, Anti-Virus must be able to scan archive files. Anti-Virus and Anti-Bot policies must be centrally managed with granular policy configuration and enforcement, For future reference, the proposed solution should be capable of Sandboxing functionality to avoid zero day attack. The proposed solution shall i/c all additional licenses required for the antivirus & Anti-Bot features fromDay1.</p>				
--	---	--	--	--	--

		<p>Administration, Management and Logging</p> <p>Device shall have remote manageability features like https/webui, ssh, telnet etc. Device Management system should provide the real time health status of all the firewall modules on the dashboard for CPU & memory utilization, state table, total no. of concurrent connections and the connections per second counter, Security Management App: The solution must have intuitive mobile app to provides real-time monitoring of network events, alerts when your network is at risk, enables admin to quickly monitor and alert of security events. The OEM must provide 24 x 7 technical support. The OEM must provide the dedicated login credentials to AERB with permissions to search knowledge base, downloading of the patches, to manage the device. Vendor must be a part of Gartner leaders or challengers Quadrant for Enterprise network Firewall for last 5 years</p>				
4	Antivirus	Endpoint Security and Workload Security protect endpoints, servers, and cloud workloads through unified visibility, management, and role-based access control	400			
5	L3 Switch	<p>28-Port Layer 3 Stackable Managed Gigabit Switch</p> <p>High Availability and Flexibility:</p> <ul style="list-style-type: none"> • 24 or 48 10/100/1000BASE-T PoE or non-PoE ports • 2 10GBASE-T and 4 10G SFP+ embedded uplink ports <p>Reliability</p> <ul style="list-style-type: none"> • Ethernet Ring Protection Switching (ERPS) • Embedded 6 kV surge protection on all Gigabit • Ethernet ports and on all GE RJ-45 access ports <ul style="list-style-type: none"> • IEEE 802.1D/802.1w/802.1s Spanning Tree • Loopback Detection (LBD) <p>L3 Features:</p> <ul style="list-style-type: none"> • Static Route • RIP/RIPng • OSPFv2/v3 <p>High Bandwidth Stacking:</p> <ul style="list-style-type: none"> • Physical stack of up to 9 units • Supports long-distance stacking over fiber • 80Gbps per device physical stacking bandwidth <p>Switching Capacity: 168 Gbps 64-Byte Packet Forwarding Rate:125</p>	2

4	Presentation	30	<ul style="list-style-type: none"> • Participant to make a presentation on their Technical proposal highlighting Understanding of the scope. • Approach and methodology for implementation and operations. • Approach towards Job creation Core team. • Case studies to demonstrate the successful implementation. <p>*Presentation (Date and time will be intimated to technically qualified Participant at a later date)</p>
	Total Marks	100	

Note:

1. In case of Government project, end user certification from Govt/Semi Govt/Central/Private Enterprise to be obtained regarding Work Experience for Department/Company Authorised Signatory.
2. Participants need to submit the Affidavit on non-judicial stamp paper stating genuineness for all the documents submitted as per format.
3. **Financial Evaluation-**

- a. All the Participants who score minimum of 20 marks in presentation and a minimum of 70 Marks in technical qualification will be notified to participate in Financial Bid opening process.
- b. The commercial bids for the technically qualified Participants shall then be opened on the notified date and time and reviewed to determine whether the commercial bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at Authority's discretion.
- c. Commercial bids that are not as per the format provided in Section IV shall be liable for rejection
- d. The commercial bids for the technically qualified Participants shall then be opened on the notified date and time and reviewed to determine whether the commercial bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at Authority's discretion.
- e. The bid price shall include all taxes and levies and shall be in Indian Rupees and mentioned separately.
- f. Total Price shall be calculated based on the format provided in Section IV Each of the Commercial bids shall be evaluated on a score of 100 points. The Commercial Score of the Participant shall be calculated with respect the lowest Total Price by any Participant. The methodology of Commercial Score shall be as follows.
- g. Commercial Score of the Participant under consideration
 = (Lowest Total Price from all Commercial Bids / Total Price quoted in Commercial bid by the Participant under consideration) X 100

Total Bid Calculation-

Combined Quality and Cost Based Selection (CQCBS) method will be followed during the overall selection process. Based on the evaluation of technical proposals, the technically qualified bidders shall be ranked highest to lowest Technical Score (S_T) in accordance to the marks obtained during the technical evaluation stage. There shall be 40% % weightage to technical score and 60 % weightage to financial score.

The individual bidder's financial score (S_F) will be evaluated as per the formula given below:

$$S_F = [F_{min} / F_b] * 100 \text{ (rounded off to 2 decimal places)}$$

where,

- S_F = Normalized financial score of the bidder under consideration
 F_{min} = Minimum financial quote among the technically qualified bidders
 F_b = Financial quote of the bidder under consideration
- **Combined Score (S) = $S_T * 0.4 + S_F * 0.6$**
- Where S_T = Technical score secured by the bidder

The bidder securing the highest evaluated **Combined Score (S)** will be awarded the Contract observing due procedure. For the purpose of evaluation, the total evaluated cost shall be inclusive of all taxes & duties for which the District Administration will make payment to the Bidding Agency including overhead expenses, such as travel, accommodation, logistics, report preparation, printing & other secretarial expenses.

Project Timelines and Payment Terms-

SNo	Milestone	Payment term	Acceptance Criteria	Timeline
